## AMEGA SCIENCES RESEARCH INNOVATE SOLVE

## SAFETY DATA SHEET MIXTURE B

<b>1. IDENTIFICATION OF</b>	THE SUBSTANCE / PREPARATION AND OF THE COMPANY / UNDERTAKING
Product name:	MIXTURE B
Product code:	8031
Use / description of product:	Pesticide adjuvant
Company name:	AmegA Sciences plc
	Lanchester Way, Royal Oak Industrial Estate
	Daventry, Northamptonshire, NN11 5PH, UK
	Tel: +44 (0) 1327 704444
	Fax: +44 (0) 1327 871154
	Emergency tel: +44 (0) 7989 977568 (out of office hours only)
2. COMPOSITION / INFO	RMATION ON INGREDIENTS
Hazardous ingredients:	NONIONIC SURFACTANT >30%
	CAS: 68131-39-5
	[Xi] R36/38; [-] R52
•	NONIONIC SURFACTANT >30%
	CAS: 9016-45-9
	[Xi] R36; [-] R53
3. HAZARDS IDENTIFIC	
Main hazards:	Irritating to eyes and skin. Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic
	environment.
4. FIRST AID MEASURES	
Skin contact:	There may be irritation and redness at the site of contact.
Eye contact:	There may be irritation and redness at the site of contact. There may be irritation and redness. The eyes may water profusely.
Ingestion:	There may be soreness and redness. The eyes may water profasely.
Inhalation:	There may be irritation of the throat with a feeling of tightness in the chest. Exposure may cause coughing or
finialation.	wheezing.
4. FIRST AID MEASURES	-
	Remove all contaminated clothes and footwear immediately unless stuck to skin. Wash immediately with plenty
Skiii contact.	of soap and water.
	Bathe the eye with running water for 15 minutes. Consult a doctor.
Eye contact:	Wash out mouth with water. Consult a doctor.
Ingestion: Inhalation:	Remove casualty from exposure ensuring one's own safety whilst doing so. Consult a doctor.
	Remove casualty from exposure ensuring one's own safety whilst doing so. Consult a doctor.
5 FIDE FIGHTING MEA	
5. FIRE-FIGHTING MEAS	SURES
Extinguishing media:	SURES Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers.
Extinguishing media: Exposure hazards:	SURES Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. In combustion emits toxic fumes.
Extinguishing media: Exposure hazards: Protection of fire-fighters:	SURES Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. In combustion emits toxic fumes. Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes.
Extinguishing media: Exposure hazards: Protection of fire-fighters: 6. ACCIDENTAL RELEAS	SURES Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. In combustion emits toxic fumes. Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes. SE MEASURES
Extinguishing media: Exposure hazards: Protection of fire-fighters: 6. ACCIDENTAL RELEAS	SURES Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. In combustion emits toxic fumes. Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes. SE MEASURES Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside
Extinguishing media: Exposure hazards: Protection of fire-fighters: 6. ACCIDENTAL RELEAS	SURES Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. In combustion emits toxic fumes. Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes. SE MEASURES Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent
Extinguishing media: Exposure hazards: Protection of fire-fighters: 6. ACCIDENTAL RELEAS Personal precautions:	SURES Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. In combustion emits toxic fumes. Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes. SE MEASURES Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Turn leaking containers leak-side up to prevent the escape of liquid.
Extinguishing media: Exposure hazards: Protection of fire-fighters: 6. ACCIDENTAL RELEAS Personal precautions: Environmental precautions:	SURES Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. In combustion emits toxic fumes. Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes. SE MEASURES Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Turn leaking containers leak-side up to prevent the escape of liquid. Do not discharge into drains or rivers. Contain the spillage using bunding.
Extinguishing media: Exposure hazards: Protection of fire-fighters: 6. ACCIDENTAL RELEAS Personal precautions:	SURES         Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers.         In combustion emits toxic fumes.         Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes.         SE MEASURES         Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Turn leaking containers leak-side up to prevent the escape of liquid.         Do not discharge into drains or rivers. Contain the spillage using bunding.         Absorb into dry earth or sand. Transfer to a closable, labelled salvage container for disposal by an appropriate
Extinguishing media: Exposure hazards: Protection of fire-fighters: 6. ACCIDENTAL RELEAS Personal precautions: Environmental precautions: Clean-up procedures:	SURES Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. In combustion emits toxic fumes. Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes. SE MEASURES Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. ## SAFETY DATA SHEET MIXTURE B

10. STABILITY AND REACTIVITY		
	Stable under normal conditions.	
Conditions to avoid:		
	Strong oxidising agents. Strong acids.	
	In combustion emits toxic fumes.	
11. TOXICOLOGICAL IN		
Routes of exposure: Refer to section 4 of SDS for routes of exposure and corresponding symptoms.		
12. ECOLOGICAL INFOR		
	Readily absorbed into soil.	
e e e e e e e e e e e e e e e e e e e	•	
Persistence and degradability:		
	No bioaccumulation potential.	
	Harmful to aquatic organisms. May cause long-term adverse effects in the aquatic environment.	
13. DISPOSAL CONSIDERATIONS		
	The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.	
14. TRANSPORT INFORMATION		
ADR / RID		
UN no:		
Shipping name:	"NOT SUBJECT TO ADR"	
IMDG / IMO		
UN no:	-	
IATA / ICAO		
UN no:	-
